Can’t Phase Me | noxz & Shae Universe

You know that moment when you finally stop wondering what others will think? Well, freedom probably begins a couple of seconds after that.

SJB SELECTION · NOVEMBER 2026

You know that moment when you finally stop wondering what others will think? Well, freedom probably begins a couple of seconds after that.

“Can’t Phase Me” works right there.

Not in aggression.

Not in the classic “I don’t care about anyone”.

Something more interesting.

Confidence.

noxz and Shae Universe bring together neo-soul, R&B, Afro-fusion and a light dance-pop current, building a track that is bright but not shallow.

The beat bounces.

The voice stays warm and polished.

It’s a **determined lightness**.

Like someone who has finally stopped looking back every three steps to check whether others approve of the way they walk.

Confidence becomes subtraction.

Less outside noise.

Less need for approval.

More space.

> ***“Can’t Phase Me” doesn’t turn self-esteem into a pose. It makes it seem like what it should be: enough space inside us to finally move without asking others which way to go.***
